## Benefit Summary PPO - 90/60

### For Residents of States Without No-Fault Insurance (Ohio)

**BENEFITS ARE NOT PAYABLE UNDER THIS PLAN FOR INJURIES RECEIVED IN AN ACCIDENT INVOLVING A MOTOR VEHICLE (AS DEFINED BELOW) UNLESS AT THE TIME OF THE ACCIDENT, THE INDIVIDUAL IS COVERED BY INSURANCE** for his or her own injuries (such as uninsured/under-insured motorist or personal injury coverage) with a per person coverage limit of at least \$2,000. If you are the owner or registrant of a Motor Vehicle, it is your responsibility to obtain medical coverage through your auto insurance policy with a per person coverage limit of at least \$2,000. Once this \$2,000 limit has been exhausted by the Participant, this Plan will then be the secondary payer and any insurer or other plan, policy, or person that may have liability for the medical expenses will be primary to this Plan.

**Exception:** The above exclusion will not apply if the Participant is not required by law to carry any Motor Vehicle insurance whatsoever (as a result of not being the owner or registrant of a Motor Vehicle), including but not limited to, coverage under the state's financial responsibility law. In that case, this Plan will be the secondary payer and any insurer or other plan, policy, or person that may have liability for the medical expenses will be primary to this Plan.

### • **Motorcycle Exclusion:**

### **For Residents of States With No-Fault Insurance (Michigan)**

#### **Motorcycle Accidents Involving a Motor Vehicle**

If a Participant is injured in a Motorcycle accident that involves a Motor Vehicle, claims will be processed in accordance with the Plan's position on Motor Vehicle accidents.

#### **Motorcycle Accidents NOT Involving a Motor Vehicle**

If a Participant is operating a Motorcycle and is injured in an accident that does not involve a Motor Vehicle, this Plan will exclude coverage for the first \$50,000 in eligible charges or, if greater, the amount of health benefits payable by the Motorcycle insurance policy. This Plan will then be the secondary payer and any insurer or other plan that may have liability for the Participant's medical expenses will pay primary to this Plan. It is the responsibility of any Participant who operates a Motorcycle to ensure that he or she is covered under a Motorcycle insurance policy that will pay at least \$50,000 in health benefits for him or her per accident. This requirement applies even if the Participant is not legally required to have such health benefit coverage. If the Participant fails to maintain \$50,000 of coverage through a Motorcycle insurance policy, the difference between the policy's maximum payout per accident (if any) and \$50,000 will be the Participant's responsibility.

A Participant who is riding a Motorcycle as a passenger and is injured in an accident that does not involve a Motor Vehicle will not be subject to this provision and will not have his or her otherwise eligible claims excluded from Plan coverage as described above.

#### **Motorcycle Definition**

For purposes of the above exclusion, "Motorcycle" means any Motorcycle, motor scooter, moped, or other similar motorized vehicle that has two wheels (including a three-wheel Motorcycle) and that is operated or designed for operation upon a public highway. It does not include an all-terrain vehicle (ATV), off road vehicle (ORV), or other motorized vehicle not designed for operation on a public highway;
