NEWS!!

SecureOne is teaming up with a New Prescription Benefits Manager (PBM) EHIM to offer another option to self-funded employers.

EHIM believes that providing effective PBM programs is vital to the success of a complete healthcare solution. EHIM is one of the top 25 PBM companies in the United States. They deliver effective and innovative cost containment strategies, while our clients experience high-touch customer service 24 hours a day, 7 days a week, 365 days per year.

The EHIM focus is the creation of a world-class experience for our clients, TPAs, brokers and consultants. This has led to a consistent 95% retention rate and double-digit growth each year for the past decade.

Whether its processing claims, creating custom formularies or providing utilization insight through their proprietary reporting suite, EHIM offers a superior experience—

The EHIM Experience

EHIM OFFERS:

Accountability of Spend

EHIM provides detailed reporting and analytics supporting the utilization of our clients' specific pharmacy programs. Our clients are given a full accountability of their spend to make educated and insightful decisions on their members' healthcare benefits.

Customization to Meet Your Member Needs

EHIM creates unique, cost-effective solutions one client at a time, ensuring that each plan is built specifically for our clients needs. Customizable at any time, their team gives complete flexibility, offering programs aligned with client objectives.

In-House Customer Service

As an EHIM client, a dedicated account manager will be there to assist with questions and provide guidance for any changes. EHIM believes in providing excellent customer service based on customization, cost savings and full transparency.

Data Mining and Reporting

EHIM's proprietary systems provide insightful customized reports for your business. Our clients receive more than pretty pictures;

Educational Outreach for Our Members

EHIM provides members with the tools necessary to stay informed and engaged. Members have access to a member portal, written member materials, email communications and health events to stay up-to-date with all of their benefits.

EHIM Cares

The EHIM Cares program is their specialty drug solution that allows employers to manage their specialty medication costs before they arise. As the fastest growing class of medication costs, it is essential that your PBM has a proven strategy of outcome driven, cost containment solutions. With over 64,000 network pharmacies and nearly 3 million lives nationwide, they are one of the oldest and fastest growing PBM's in the industry. As your pharmacy benefit manager, they are committed to helping you manage prescription costs through innovative plan designs and proactive cost containment strategies. They listen to our client's objectives, and then help them create a program individualized to their corporate goals. Their growth as a PBM can be attributed to helping clients manage prescription costs through:

- **Accountability for client's pharmaceutical spend**
- **Custom formularies not driven by rebates**
- **In-house customer service available 24/7/365**
- **Larger long-term savings through custom plan designs and emphasis on member education**
- **Informational outreach to each customer detailing trends and cost saving opportunities**
- **High-touch customer service**

At EHIM they are committed to providing value to our customers through a variety of strategies and initiatives while providing a highly hands-on level of member service. EHIM continuously works with our clients to evaluate utilization to achieve their goals and select programs to fit their organizational needs.

SECUREONE BENEFIT ADMINISTRATORS, INC.

EHIM works with the SecureOne and our Plan Sponsors to create formularies and plan designs that are aligned with the medical plan designs and support the overall objectives of the formularies and offer a solution to this growing trend.

Their robust data warehouse provides metrics and clinical insights to support SecureOne and our clients to make informed, educated decisions.

Through their strategic partnerships, EHIM can provide ancillary healthcare services, such as durable medical equipment to members. Their proprietary claims system supports their web portal for ease in use and their robust reporting tools to provide the overall accountability of spend, as well as detailed reporting on performance measures such as prescribing patterns, formulary adherence, utilization and dispensing rates.

THEY ARE DIFFERENT, AND THAT'S A GOOD THING

EHIM provides the highest level of service and care to your members. At EHIM, they deliver on their promises. They believe in defining collective goals and helping our clients to achieve them.

Their commitment to service is based on the following fundamentals:

- Partnership
- Flexibility
- System capabilities
- Customized reporting
- Client education
- Member education

EHIM provides superior systems and resources to clients while ensuring they are always top-of-mind. At EHIM, they are more than a vendor, they are your partner.

Telemedicine Service

**24/7/365 on demand access to affordable quality healthcare
anytime, anywhere via video consultation, phone consultation or e-mail.**

MDLIVE has the nation's largest network of doctors for Telehealth services. On average, their doctors have 15 years of experience practicing medicine and are licensed in the state where patients are located. Their specialties include primary care, pediatrics, emergency medicine and family medicine. The doctors are committed to providing convenient quality care and are always ready to take a member's call.

Why should I use MDLIVE?

Instead of going to the ER or urgent care center for non-emergency. During or after normal business hours; nights, weekends and even holidays if your primary care physician is not available.

If traveling or on vacation and in need of medical care. Yes, a doctor can prescribe prescriptions when appropriate.
