"Alternative Funding"

NEWS!!

**Preferred United Plans "Alternative Funding"
Self-Funded Small Group Aggregate
program continues to grow!**

We are coming into our fourth year of offering employers, from 2 to 99, a unique self-funded option that normally is seen with employers of 100 employees or more.

With the Preferred United Plans "Alternative Funding" plan, upon completion of the terms of the 12/18 contract period, employers may be eligible to a refund. As of today we have given employers over \$330,000 back in refunds!

Telemedicine Service

MDLIVE is an added benefit in all of our PUP "Alternative Funding" plans!

24/7/365 on demand access to affordable quality healthcare anytime, anywhere via video consultation, phone consultation or e-mail.

MDLIVE has the nation's largest network of doctors for Telehealth services. On average, their doctors have 15 years of experience practicing medicine and are licensed in the state where patients are located. Their specialties include primary care, pediatrics, emergency medicine and family medicine. The doctors are committed to providing convenient quality care and are always ready to take a member's call.

Why should I use MDLIVE?

Instead of going to the ER or urgent care center for non-emergency. During or after normal business hours; nights, weekends and even holidays if your primary care physician is not available.
If traveling or on vacation and in need of medical care. Yes, a doctor can prescribe prescriptions when appropriate.

Q: What does the employee pay?

A: The cost to you and your covered dependents, each time the service is used, is a \$10 copay if you have a PPO plan. If you have a HDHP/HSA plan you will be required to pay the full \$45 cost for the visit which will then be applied towards your deductible. If your deductible has already been met then you would pay nothing. You will be required to pay either the \$10 or the \$45, depending on your plan, immediately to MDLIVE before services can be utilized.

Preferred United Plans® "Alternative Funding", a Self-Funded Small Group Aggregate Only program, continues to bring new ways to assist the employees and dependents with Health Care options.
