**NEWS!**

***"Excellence is Never an Accident"***

---

**Doctor's available 24/7 on demand with  
Preferred United Plans "Alternative Funding"!**

SecureOne Benefit Administrators and MDLIVE are working together to give our Employer Groups, under the Preferred United Plans "Alternative Funding" Telehealth Services.

MDLIVE allows our covered members, and their dependents, 24 hour a day, 7 days of the week, access to Doctors on-line and over the phone with virtual visit, no matter where the members are!

If the situation is truly an Emergency Situation, the MDLIVE doctor will tell you to go to the Emergency Room. MDLIVE Physicians will, if necessary, prescribe a medication that can be sent to a local pharmacy of your choosing.
