

Volume 8, Issue 5

## Consolidated Appropriations Act (RxDC)

Consolidated Appropriations Act: Rx Data Collection (RxDC) requires health plans/issuers to produce and file reports on prescription drug and health care cost by 06/01/2023. These reports are due annually each year thereafter.

Group health plans both fully insured and self funded, along with issuers of insured group health plans or individual coverage have to report annually about prescription drug and health care spending.

SecureOne Inc. with the June 1, 2023 submission date will be submitted to the P2 (group health plan) and D2 (spending by category) for whoever had active coverage in calendar year of 2022.

The D1 file premium and life years can be submitted by SecureOne on behalf of the plan sponsor, but we need your assistance. We will need to get the following information.

- Percentage premium paid by members
- Percentage premium paid by employer

Should you elect not to have SecureOne submit the D1 file, we request written notification by the employer or agent.

**SecureOne requires the data needed for the D1 file by May 3rd, 2023.** If not received, SecureOne will leave that information blank and therefore, is not responsible for CMS discrepancies or incomplete submission.
